**Start with a floor plan & let Chad Martell turn your dream into reality.**

Your new Martell-built home is in "move-in/turn-key" condition, fully warranted in writing for 10 years against material and labor defects through the [Residential Warranty Corporation](#). Martell homes are competitively priced, better constructed, more efficient, more professional, and backed up in writing.

**Would you like to see our office model?**

Our office model is a two-story cedar sided colonial with a full covered front porch. Nancy or Hattie will be happy to answer your general questions, provide you with a free Martell Home Builders portfolio, and show you our photo gallery of homes.
